**THiNK
About It.**

It's not too soon to start thinking about serving on the board. In 2017, we'll be accepting nominations for President and Secretary. These are both two year terms. Being a board member is a great opportunity to contribute to a great Chapter and to advance the Records & Information Management platform in this region. If you have questions about what it's like to serve on the board, just ask a current board member.

- **<http://arma.org/indepth>:** Several categories of information to select from. Click on the link, for example Preparing for E-Discovery. This opens a new page with links to multiple resources categorized by Strategy, Decisions, Tools, Results, Go Forward, and ETC...

FEATURED SPEAKER:

Stephen Fry, Open Records Specialist, Louisville Metro Government

Presentation Topic: eDiscovery: Management and Collection

Stephen Fry is an Open Records Specialist for Louisville Metro Government, and has been performing eDiscovery for the enterprise since December 2015. Passionate about upholding government transparency, he has felt satisfied by being able to serve in a role that helps facilitate that transparency. He has worked in the Information Technology field for five years, and holds a degree in Informatics from Indiana University. Aside from the eDiscovery portion of his role, Stephen has also worked to streamline the Open Records workflow process – a major contributor to his team's winning the Continuous Improvement Champion (Group) award at the 2016 Summit on Government Performance & Innovation. Stephen is originally from Bloomington, IN, and has lived in Louisville with his wife for two years.
